Ready to Grow...Ready to Learn...Ready to Succeed

In Kentucky, school readiness means that each child enters school ready to engage in and benefit from early learning experiences that best promote the child's success. Families, early care and education providers, school staff, and community partners must work together to provide environments and developmental experiences that promote growth and learning to ensure that all children in Kentucky enter school eager and excited to learn.

The five developmental areas for SCHOOL READINESS are:

1. Approaches to learning;
2. Health and physical wellbeing;
3. Language and communication development;
4. Social and emotional development;
5. Cognitive and general knowledge.

Head Start/Early Head Start welcomes children with disabilities and special needs!

Head Start is funded by the U.S. Department of Health and Human Services, Administration for Children and Families
